

Drainage Coverplan - Summary of your agreement

Your service includes:

- No limit to the number of call outs.
- Call out usually within 3 hours.
- Access to our 24 hour 365 day telephone number.

Period of agreement

Your agreement runs for 12 months from the date it begins (or is renewed), unless you or we use the cancellation rights (set out in the clause headed Cancellation)

Start date

Your agreement begins 30 days after we process your application.

Renewal

If you pay each year - by cash, cheque, credit or debit card we will contact you before the 12-month prepaid period ends, with details of any changes to the price and terms and conditions, and offer you the chance to confirm your renewal. (If you pay by monthly direct debit, your agreement runs until you tell us that you would like to cancel, or if we cancel the agreement (see 'Cancellation'). You may cancel the agreement at any time after the initial 12 month period. We will write to you to tell you about any changes to the terms and conditions or prices.)

Cancellation

We will cancel your agreement if:

- you have given false information
- you do not make an agreed payment
- circumstances arise which make it inappropriate for the contract to continue.

If we cancel your agreement, we will:

- give you a refund based on how long is left of any 12-month cash, cheque, credit or debit card payment.

If you cancel your agreement with us, we will not normally give a refund.

However, you are entitled to a full refund if you cancel within seven working days of taking out the agreement, as long as we have not done any work.

If you cancel your agreement after we have done work, we may charge you an amount that brings your total payments up to the total annual cost.

Labour

One of our engineers will usually carry out the work. In some cases we may authorise a suitably qualified contractor to carry out the work.

External Drainage

1. You are covered for:
 - a. A leakage or blockage in your external drainage. The approved engineer will remove the blockage or replace the damaged section of drain in order to resolve the immediate emergency to leave the drain running clear. This will include temporary reinstatement of any excavations carried out as part of the claim.
 - b. Our liability to pay for repairs to your external drainage applies to the drainage pipes that are within your property boundary, which serve only your property, and for which you are responsible, but that are not beneath or inside any building or outbuilding.
 - c. The maximum amounts we will pay per claim is £1000 (including VAT)
 - d. The cover limits stated include the cost of call-out, labour, materials and VAT.
 - e. There are no limits to the number of call outs during your cover plan schedule.

- f. All permanent repairs are guaranteed for as long as you retain Appliance World's Cover Plan. A permanent repair will only be carried out if it's as cost effective as an emergency repair. In all other cases, we will carry out an emergency repair. We will not cover any other repair work that may be required in addition to this emergency repair, such as repairs required to avoid the problem re-occurring, or to ensure your plumbing and drainage system is restored to an adequate functional standard for ongoing use. For example, a blocked drain will be left running clear so as to alleviate the immediate emergency but if the drain is required to be re-aligned to avoid the problem re-occurring this is not covered.
